

# Feel free to live pain free

Support for the foot's three arches is critical for proper posture.

A variety of styles are available for all activity levels.

Sixteen measurements ensure that your Stabilizer is a custom fit.

## If you have joint or back pain,

your body may not be properly aligned due to injury, aging, or stressful activities. Chiropractic adjustments and Foot Levelers' custom-made Spinal Pelvic Stabilizers help bring your body back to its natural state of alignment. Stabilizers — a unique form of in-shoe orthotics — help hold your chiropractic adjustments in place to maintain alignment, reduce skeletal stress, and alleviate your pain. Call us today for an assessment of your postural status with our Associate™ Platinum digital scanner, and learn how we can help you minimize your pain through total body wellness.

Stabilizer's unique design promotes healthy, natural skeletal alignment.
