

**YOUR
BACK
AND
KNEE
PAIN
MAY BE
DUE TO
PROBLEMS
IN YOUR
FEET**

They may feel fine, but feet that give poor support can cause aches and pains all over. The more time on your feet, the more likely you are to have trouble. Custom-made Spinal Pelvic Stabilizers (unique in-shoe orthotics) from Foot Levelers encourage healthy foot posture for better body support. And our office utilizes the Associate™ Platinum digital scanner, which is the fastest, most accurate, and most advanced method of processing your Stabilizer order. Don't suffer any longer. Call **TODAY** for an appointment.

Take This Test!

- I have flat feet
- I play sports or work on my feet
- My toes point out when walking
- My legs are different lengths

***If any are checked,
you're headed for pain.
Call today for relief!***
